LLM Evaluations

Clone the following repository to your laptop

<https://github.com/harik68/Course-Evaluation-of-GenAI-Applications.git>

<git@github.com:harik68/Course-Evaluation-of-GenAI-Applications.git>

If you are not able to clone from Github repo, download the zip file attached with this section and unzip

We will be using Session-1-Evaluation-Principles-and-Methods/[Module1.1-Foundations-of-GenAI-Evaluation.ipynb](#) as the content for this class
